Syllabus

Choice Base credit System

Name of the Faculty: Humanities

Name of the Course: M. A. Part - II (Sem. III and IV)

Subject: Political Science

With effect from 2022-23

Preamble:

The University Grants Commission (UGC) has initiated several measures to bring equity, efficiency and excellence in the Higher Education System of country. The important measures taken to enhance academic standards and quality in higher education include innovation and improvements in curriculum, teaching learning process, examination and evaluation systems, besides governance and other matters. The UGC has formulated various regulations and guidelines from time to time to improve the higher education system and maintain minimum standards and quality across the Higher Educational Institutions (HEIs) in India. The academic reforms recommended by the UGC in the recent past have led to overall improvement in the higher education system. However, due to lot of diversity in the system of higher education, there are multiple approaches followed by universities towards examination, evaluation and grading system. While the HEIs must have the flexibility and freedom in designing the examination and evaluation methods that best fits the curriculum, syllabi and teaching–learning methods, there is a need to devise a sensible system for awarding the grades based on the performance of students. Presently the performance of the students is reported using the conventional system of marks secured in the examinations or grades or both. The conversion from marks to letter grades and the letter grades used vary widely across the HEIs in the country. This creates difficulty for the academia and the employers to understand and infer the performance of the students graduating from different universities and colleges based on grades. The grading system is considered to be better than the conventional marks system and hence it has been followed in the top institutions in India and abroad. So it is desirable to introduce uniform grading system. This will facilitate student mobility across institutions within and across countries and also enable potential employers to assess the performance of students. To bring in the desired uniformity, in grading system and method for computing the cumulative grade point average (CBCS) based on the performance of students in the examinations, the UGC has formulated these guidelines.

Objective of the Course:-

- 1) This Course is designed to give students a sense of some important theoretical approaches to understand international relations; a history from 1945 onwards to the present; and an outline of the evolution of Indian foreign policy since independence and its possible future trajectory.

Research Methodology
Syllabus

Unit-I Research Methodology

- a) Meaning and Objectives of Research Methodology
- b) Types of Research
- c) Significance of Research
- d) Concept- Meaning and Types of Concept

Unit-II Stages of Research

- a) Defining the Research Problem and Selection of Research Topic
- b) Formulation of Objectives of Research
- c) Hypothesis – Meaning, Sources, Types and Characteristics of Good Hypothesis
- d) Research Design - Meaning, Types and Characteristics of Good Research Design

Unit -III Methods of Collection of Information

- a) Data Collection- Primary and Secondary Data
- b) Questionnaire and Schedule- Meaning and Types
- c) Interview and Observation- Meaning and Techniques
- d) Case study Method, **Social Survey**

Unit -IV Report Writing

- a) Objectives of Report Writing
- b) Steps of Report Writing
- c) Content of Report
- d) Characteristics of Good Report
