Lecture III-

Title- “Enhancing Entrepreneurship and Innovation in Biology for Sustainable Development”

This session focused mainly on Entrepreneurship and innovations, which are fundamental for the success of start-up companies that are providing innovative solutions to meet environmental or social challenges. Entrepreneurship and innovation are also highly important for establishing businesses. Biofertilizers are one of the important bioproduct for agriculture that contains living microorganism’s or latent cells. They increase the nutrients of host plants when applied to their seeds, plant surface or soil by colonizing the rhizosphere of the plant. Biofertilizers are more cost-effective as compared to chemical fertilizers.

Subject : Invitation as Resource Person for Impact Lecture Session-II

Dear Sir,

Department of Biotechnology is organizing **Impact Lecture Series** in collaboration with **Institution's Innovation Council (IIC)**, sponsored by **MoE's Innovation Cell (MIC)**, **AICTE, New Delhi** on **26th July, 2022**. In this regard, we are pleased to invite you as **Resource Person** to deliver an online lecture on topic **"Enhancing Entrepreneurship and Innovation in Biology for sustainable Development"**, at **2.30pm**. Your expertise and experience in the field of **Entrepreneurship, Biofertilizer process, sustainable Development and Innovation in Biotechnology** will be beneficial to students and faculties. Your Insight will encourage them to understand, apply the skills and Knowledge in research and innovations. Kindly accept our invitation and enlighten the audience.

Thank you,

Yours Truly,
